SUMMARY

Full Stack Developer with proficiency in JavaScript and SQL programming, showcasing a robust foundation in mathematics that contributes to a distinctive problem-solving perspective. Demonstrates above-average analytical skills and initiative, often finding efficient and effective solutions for complex challenges. Interested in both managing independent projects and collaborating effectively within team environments. Passionate about learning across a wide range of subjects. Committed to achieving goals within specified deadlines, this individual is eager to bring their expertise and passion for innovation to projects and tasks at hand.

TECHNICAL SKILLS

Javascript, React, Html5, CSS, Node.js, Express.js, SQL, Python, Bootstrap, Tailwind css, Object-Oriented Programming, Git

TECHNICAL PROJECTS

LocalEvo- Github | Demo

It's a web application that allows users to register and edit restaurants, create and edit reviews of other peoples restaurants, search for restaurants based on location, name or type of cosine or score.
Technologies Used:
- Frontend: React.js, Tailwind and daisy ui CSS
- Backend: PostgreSQL, express.js, Node.js

Features:
- User Authentication: Register and log in to create and manage your own restaurants and reviews.
- Register Restaurants: Easily add and edit your businesses.
- Leave Reviews: Add reviews to other people's businesses.
- Search restaurants: search for restaurants based on location, name or type of cosine or score.
- Data Persistence: All user data, restaurants, and reviews are stored in a PostgreSQL database.
- Responsive Design: The app is designed to work seamlessly across different devices.

EXPERIENCE

Research Assistant   Rio de Janeiro, Brazil
Fundacao Getulio Vargas - Internship   08/2017 - 01/2018
- Performed research and gathered data to begin assignments.
- Formatted data to analysis requirements allowing insertion in the database and usage.
- Collaborated with a multidisciplinary team to brainstorm ideas, share insights, and refine research objectives, enhancing the overall quality of project outcomes.
- Utilized statistical software(Excell) to clean, organize, and analyze complex datasets, ensuring accuracy and consistency in results.

EDUCATION

Full Stack Web Development, Python and JavaScript program   Ramat Gan, Israel
Developers Institute, TLV Coding Bootcamp   07/2023 - 10/2023

Bachelor of Engineering (Incomplete)   Rio de Janeiro, Brazil
Universidade Federal do Estado do Rio de Janeiro(UFRJ) - Escola Politécnica   01/2015-12/2016

Bachelor of Economics (Incomplete)   Rio de Janeiro, Brazil
Fundação Getulio Vargas(FGV) - Escola de Pósgraduação em Economia(EPGE)   01/2017-12/2020

LANGUAGES

English - Fluent, **Portuguese** - Native, **Hebrew** - Conversational
